

# About Vincent Lighting

Founded in 1978, Vincent Lighting Systems (VLS) has offices in Cleveland, Cincinnati, Pittsburgh and Detroit. VLS provides theatrical, film/video, architectural and special event lighting for a wide range of customers including performing arts centers, educational and religious organizations, production companies and retail establishments. The company's 50-person lighting team specializes in sales, rentals and production services.

VLS offers a full range of production services, from design conception to delivery, set-up, operation and removal. Our team is experienced in fulfilling your designs, or working from scratch to develop your ideas. We can provide professional installation or labor supervision of fixtures, special effects, dimming and control, power distribution, rigging equipment, staging and curtains.

Whether your idea of your wedding reception includes simple dance floor lighting or a complete change of atmosphere in your banquet room, you can count on the professionals at Vincent Lighting Systems. Since 1978, we've lit special events ranging from political parties to sporting events, and hundreds of weddings and receptions in between. Tell us your ideas; we'll work with you to create an incredible day.

# Make a Grand Entrance

Photo courtesy of MelanieMauer.com

Let the festivities begin before your guests even step foot into the reception area. Light up your entrance ... your guests will immediately know that they're in for an extraordinary evening.

Here's a unique feature that's fun! A custom pattern can shine at the entrance (shown here), behind the bridal table or on any blank wall or area on the floor. For an added touch, it can be placed in a moving light and pan throughout the room all evening.

# Highlight Key Areas

You've spent countless hours picking the right flowers, fabric and frosting. Let us show it off! Whether it's the cake, dance floor or special piece for the ceremony, focus your guests' attention to the proper place at the proper time.

Simply highlighting the centerpieces and bridal table is enough to turn an ordinary ballroom into an elegant setting.

However, if you want to turn it up a notch, try a theme! Using simple lighting and patterns, we can create a lush tropical atmosphere, a winter wonderland or a romantic starlit sky.

If you prefer, you can light up the venue with some fun and festive lighting that can move throughout the room. Slowly morph the coloring through the evening, or be bold and add some daring lighting effects.
