## SPOTLIGHTON...

### ROSCO FLOORING OPTIONS

The wide selection of performance floor can be dizzying. Please contact our Product Department for more information and pricing on the best floor for your needs.

**Portable Dance.** Highly portable vinyl floor. Ideal for touring dance companies. Matte, non-skid finish.

**Cabriole Floor.** Cushioning between two reversible sides, black/grey. Matte, non-skid finish helps prevent distracting reflections.

**Roscotile.** Rugged vinyl tiles lie flat for temporary and permanent installations. Easy to replace damaged tiles. Low luster sheen can be buffed to a high gloss. Black, white or grey.

**Show Floor.** Super glossy vinyl floor for special events. Not recommended for heavy traffic or permanent installation.

**Studio Floor.** Ultra matte, black vinyl floor provides light-absorbing surface. Not appropriate for heavy traffic.

**Adagio.** Tough, lightweight floor for percussive dance styles. Lays flat quickly, superb tap sound. Suitable for touring.

**Performance Floor.** Durable, all-purpose vinyl floor best for permanent installation where traffic is heaviest. White, black, light grey, dark grey.

**Royale.** Foam-cushioned floor, perfect for dance. Ideal as a portable floor for touring.

**Roscoleum.** Suitable for virtually any form of dance. Heavyweight linoleum. Recommended for permanent installation only.

**Arabesque.** Affordable, heavy-duty floor, suitable for permanent locations. Marbled finish hides scuff marks. Black, grey or tan.

**Subfloor.** Provides resilience with stability; flexible enough to absorb the energy from a dancer's impact. Easy to install with interlocking panels. Perimeter pieces lock entire floor together.
